EDUCATION

Microverse   **California, USA**
Computer Software Engineering   *Sept 2022 - March 2024*
- o **Related Coursework:** Data Structures & Algorithms, Objects & Design, Computer Organization & Programming, Object-Oriented Programming, Databases & Storage, Testing & Deployment, Version control, Error Handling

Bells University of Technology   **Ogun State, Nigeria**
BENG in Electrical/Electronics Engineering   *Sept 2019 - June 2024*
- o **GPA:** 4.82/5.00, *Dean's List*
- o **Related Coursework:** Microprocessor Architecture and Programming, Machine Learning, Computer Logics, Microsoft Server, Object-Oriented Programming, Signals & Systems Analysis, Control systems, Operations Research

EXPERIENCE

Riskgratis Technologies Limited   **Lagos, Nigeria**
Full Stack Developer   *October 2024 – May 2025*
- Developed high-performance mobile and web applications in Odoo, streamlining business operations and improving user engagement at RiskGratis.
- Utilized Odoo's robust framework to create scalable, maintainable solutions, ensuring efficient integration and optimal system performance. Delivered cutting-edge applications that drove business results and expanded RiskGratis' capabilities.

Delight Olga   **Lagos, Nigeria**
Software Engineer   *January 2025 – May 2025*
- Designed and implemented multiple user-focused web applications, delivering responsive and intuitive interfaces.
- Led frontend development and seamlessly integrated APIs with a Ruby on rails backend to ensure smooth data flow
- Contributed to a 35% improvement in overall company efficiency through optimized UI workflows and robust API integrations.

NIIT Limited   **Lagos, Nigeria**
Backend Engineer   *July 2022 – June 2024*
- Engineered scalable Node.js backend applications, leveraging event-driven architecture for high-traffic, real-time data, significantly enhancing system efficiency.
- Developed modular, maintainable codebases, ensuring seamless integration and contributing to company success.
- Optimized performance using DevTools, resolving bottlenecks while enhancing reliability and operational excellence.

Microverse   **California, USA**
Code Reviewer   *Feb 2023 – March 2024*
- Developed applications with Next.js, TypeScript, and Ruby on Rails, ensuring seamless user experiences.
- Conducted pair programming and code reviews, collaborated in Agile sprints to deliver scalable, maintainable code.
- Solved technical challenges by leveraging TypeScript, Next.js SSR, and Rails' efficient database management.

Talksay   **Middletown, USA**
Software Tester   *Sept 2021 – Jan 2023*
- Conducted comprehensive testing of the Talksay app across platforms, reducing user-reported issues by 30%.
- Identified and reported over 200 bugs using effective testing strategies, improving app stability and performance.
- Collaborated with developers to resolve issues, ensuring high-quality releases and boosting user satisfaction by 25%.

RECENT PROJECTS

Riskgratis ERP   **Riskgratis LTD**
Team Lead   *Feb 2025 – May 2025*
- Crafted the Riskgratis ERP platform, a modern business process software solution aimed at streamlining operations for companies of all sizes. Oversaw the integration of scalable backend systems and intuitive frontend interfaces, enhancing user experience and operational efficiency.
- Collaborated closely with cross-functional teams to ensure the platform met diverse client needs and adhered to industry best practices.

JJRSF Event App **Delight Olga**
Team Lead *Apr 2025 –Jan 2024*
- Developed a modern React.js app with sleek design powered by React.js and Tailwind CSS.
- Redefined user engagement with fluid animations and intuitive navigation, setting new design standards.

Academic Connect **NIIT**
Team member *Sept 2023 – Dec 2023*
- Designed a real-time social platform for academia using Node.js, React.js, and Socket.IO for seamless conversations.
- Implemented intuitive design and robust backend for enhanced engagement and real-time connections.

ACTIVITIES AND LEADERSHIP

Microverse **California, USA**
Student Mentor *Feb 2023 – March 2024*
- Mentored junior software developers sharing expertise and guiding them to improve coding skills.

TEDX Bells Tech **Ogun State, Nigeria**
Fundraising Committee Member *Feb 2022– June 2024*
- Volunteered to help secure sponsorships and drive fundraising efforts by assisting with email marketing strategies

Females In Tech **Lagos State, Nigeria**
Project manager *Jan 2025– Present*
- Volunteered as a Development Assistant, supporting initiatives that empower women in technology.
- Worked closely with the founder as second-in-command, driving key projects and mentoring aspiring female developers.

SKILLS

Programming: Ruby, Python, JavaScript, HTML/CSS, SQL, Node.js, React.js, React Native, MongoDB, Next.js, Typescript, Odoo, Express, Rails, Jest
Tools: Android Studio, IntelliJ, PyCharm, Jupyter Notebooks, Git, Bootstrap, NPM, Eslint, Rubocop, Vs Code, Bundler, Yarn
Soft Skills: Pair Programming, Code Review & Refactoring, Teamwork, Problem-solving, Time management, Creativity.
